DETONATOR CRIMP TOOL

NSN 5120-99-902-1584

The Detonator Crimp tool is a simple and easy to use method of crimping Igniferous detonators to safety fuze. The Crimp tool also incorporates features to allow firing cable to be cut or stripped, used as a screw driver or as a rectifier.

The Crimp tool is constructed from custom manufactured forgings which are precision machined to provide consistent and reliable operation.
