

## ABL 2000

**The ABL 2000 is a general purpose recoilless disruptor designed as a dual role equipment to render safe IED's.**

The ABL 2000 is a general purpose Recoilless Disruptor designed as a dual role equipment to render safe IED's found in containers such as briefcases or similar sized packages.

ABL 2000 has been subject to a series of formal tests against representative targets, sensitive explosives and pressure measuring systems ensuring reliable and consistent disruptive performance with complete recoilless operation ensuring minimum collateral damage and maximum operator safety.

Recent developments provide ABL 2000 with enhanced capabilities. With a simple substitution of the front barrel assembly and use of the correct projectile, ABL 2000 is now able to operate as a De-Armer capable of firing a range of solid projectiles such as Chisels, Slugs and Forks.

The simple changeover of the front barrel assembly provides existing equipment users with a cost effective route to enhanced capability. Other enhancements are available such as laser aiming systems.

The ABL 2000 Disruptor is a multi-shot device capable of many firings and requires minimum maintenance. Training may be carried out using the equipment without detriment to its service performance. Construction is from corrosion resistant stainless steel and aluminium parts. Prior to release each equipment is subjected to an overpressure test and flaw detection.

## COMPLETE EQUIPMENT

| DESCRIPTION:                 | PART NUMBER: | QUANTITY: |
|------------------------------|--------------|-----------|
| Recoilless Disruptor ABL2000 | 3322-000     | 1         |
| Carry Case                   | 3322-022     | 1         |
| Tool Roll                    | 3257-023     | 1         |
| Loading Tool                 | 3111-157     | 1         |
| Recoil Piston                | 3258-030     | 2         |
| Removal Tool                 |              |           |
| Load / Unload Tool           | 3111-741     | 1         |
| Handbook                     | 3322-045     | 1         |
| Brush Handle (390 Long)      | GH390        | 1         |
| Brush Dia 60 x 120 Long      | A60FE        | 1         |
| Brush Dia 32 x 125 Long      | A31PE        | 1         |
| Brush Dia 14 x 120 Long      | 3257-024     | 1         |
| 100ml Lubricant              | 3389-005     | 1         |
| Chamois Leather              | 3258-033     | 1         |
| Laminated Contents Card      | 3322-024     | 1         |
| Screwdriver Small            | 3320-003     | 1         |
| Allen Key 4mm                | 155-2101     | 1         |

## PT1062A CARTRIDGE

The ABL 2000 is operated by a bespoke cartridge. Each batch of cartridges are ballistically tested to ensure correct and consistent performance. The cartridges are supplied in multiples of 18 packaged within an M2A1 container complete with all internal furniture and all required consumable parts.

PART NO: PT1062A  
NSN: 1385 99 315 0151

## OPTIONAL PARTS DE-ARMER

| DESCRIPTION:          | PART NUMBER: | QUANTITY: |
|-----------------------|--------------|-----------|
| De-Armer Kit          | 3340-000     | 1         |
| Laser Aiming Assembly | 3330-021     | 1         |
| SPLAT Round           | 3395-121     | 1         |

## TECHNICAL DATA

### DISRUPTOR:

Length: 450mm, main body dia: 78mm, rear body dia: 54.1mm, weight: 3.26Kg

### HOLDALL:

Size: 550 x 130 x 260mm, overall weight: 5.44Kg
